

**High Level Agenda - Northstar Network Meeting**  
**May 13 - 15, 2019**  
**Bolger Center, Maryland**

**Goals**

- Members understand how this space can support their leadership, strategic development, and forward their immediate and long term power building efforts.
- Deepen our collective analysis around Authoritarianism and Feminism to include concepts of Indigenous Power and Just Transition.
- Make meaning of our collaborative experiments, Transformational Opportunities and Northstars.
- Build new and strengthen existing relationships amongst leaders that honor both continuity and newness, and encourage generative friction and trust over time.
- Practice Inner Work: Time for Being, celebration, and reflection.

**Working Agreements**

- Take care of yourselves (+ each other). Bathrooms, food , drink, community care.
- Gift of time. Be present with each other. We invite you to be present as possible, this could mean not working breaks or lunch, being as unplugged as possible as a respite.
- Tender transparency. Photography, experimenting with audio. Flattering photos only. Plan is to share on our website. Be explicit if you want something to stay in the space.

**High Level Agenda**

**Monday - May 13, 2019**
